

Fibre Optics / Server Cabinet

Extensive experience with fibre optic equipment and services including:

- High density patch panels, network switches, splice trays/wheels, etc. from ADC, Corning, Tyco and others
- ST, SC, FC, LC and other connectors
- Cable management and proper routing
- Continuity testing
- Final assembly of pre-built frames from manufacturers

CSA Approved

We are CSA and CSA_{US} approved for in-house certification of custom assemblies for hazardous locations and general purpose areas. We can also manufacture to meet other standards, which include Cenelec, CE, ATEX, and SAA.

In-house certification of the following:

- Class 1 Div1/Zone1
- Class 1 Div2/Zone2
- Groups A, B, C and D
- General Purpose 600Vac 200 Amps
